EXPERIENCE

Senior Director, Product Management — Identity, Fraud & Compliance

Equifax, Alpharetta, GA | Apr 2022 – Jun 2026

Directed the Contact & Locate Suite — six products building an \$8M+ enterprise sales pipeline — and the USIS Credit Header API and Purpose View governance framework. Extended a RAE vendor-consolidation initiative begun in the prior role, capturing a further ~\$6M in annual savings.

Director, Product Management

Equifax, Alpharetta, GA | May 2021 – Apr 2022

Launched 16 new use-case workflows in under a year and directed the RAE & DIT suite's AWS-to-GCP migration — a 69% cloud cost cut with zero downtime, on a \$4M budget. Directed a fraud-signal vendor-consolidation initiative for RAE, substituting overlapping third-party signals with existing vendor data and new in-house cloud datasets, saving \$4M annually.

Senior Product Manager, Customer Identity Access Management & Fraud

LexisNexis Risk Solutions, Alpharetta, GA | Jan 2019 – Apr 2021

Drove the Risk Defense Platform's expansion into insurance for KYC/AML, introduced device-intelligence strategy via ThreatMetrix, and architected a Bundled Solutions pricing strategy.

Senior Product Manager, Identity & Fraud Management Solutions

LexisNexis Risk Solutions, Alpharetta, GA | Jan 2016 – Dec 2018

Owned the Risk Defense Platform's growth strategy, drove a 45-person org through Agile transformation, and authored the business case that won \$6M in executive funding.

Manager, Product Management — Business Applications

NTT America & NTT Communications, Boca Raton, FL | Jan 2013 – Jan 2016

Built and coached a 9-person product marketing and management team; secured 25 new products in 18 months onto Verio's OSS/BSS platform.

Senior Product Manager

NTT America & NTT Communications, Boca Raton, FL | Jan 2010 – Dec 2012

Partnered with stakeholders to drive new functionality for a \$28M product line growing at 10%, supervising teams across development, QA, support, sales and marketing.

Product Manager, Portable Heaters & Humidifiers

Jarden Consumer Solutions (Sunbeam, Bionaire, Holmes, Oster)

Owned the product category for portable humidifiers (5 technology platforms) and heaters (4 technology platforms); secured funding for new tooling and led a design firm through form factors adaptable across brands and private label.

EARLY CAREER

Automotive electronics reverse engineering, rotary engine and turbocharger builds, and racing crew work at the Rolex 24 at Daytona and Petit Le Mans.
